

COMMUNITY OF PRACTICE

In September 2023, a Community of Practice was established within the "WE ARE COLOURFUL" project. This collaborative network serves as a platform for knowledge sharing and advancing project goals related to diversity and inclusion.

 We are Colourful

A child is shown from the chest up, holding their right hand towards the camera. Each finger is painted a different color: thumb is pink, index is red, middle is blue, ring is green, and little is yellow. The child's face is blurred in the background. The entire scene is framed by a yellow border with rounded corners.

RESULT 2 WHAT IS ALL ABOUT?

The "Toolkit for the Detection of Learning Difficulties and Socio-affective Problems" is a comprehensive resource developed by the project partners. This toolkit aims to address the multifaceted challenges encountered by educators, school staff, and anyone engaged in educational activities with children aged 7-10. It serves as a valuable and inclusive tool designed to support the holistic development of young learners.

This toolkit doesn't just stop at helping teachers identify learning difficulties or socio-affective issues; it goes beyond by offering practical solutions and strategies. It empowers educators to create a nurturing and supportive environment where children can thrive both academically and emotionally.

RESULT 2 STEP BY STEP

From November 2022 to January 2023, we gathered essential tools and case studies.

In February 2023, a review process provided valuable insights.

In April 2023, we finalized user-friendly action plans.

Late April 2023, we conducted a comprehensive peer review.

In May 2023, the English version became available.

By July 31, 2023, materials were translated into partner languages.

In August and September 2023 translated materials integrated online.

In October 2023, rigorous testing took place.

By mid-November 2023, we will fine-tune the toolkit based on feedback.
